

Dear Sir Madam,

I am writing to inform that Mikkel Mogensen handed in our common exam.

Due to the different codes of the exam registration form we were not able to form a team on digital exam service.

To avoid plagiarism, we were advised that only one of us hands in a common work and another one hands in a document with explanation.

I attach the mail from the secretary bellow.

Regards,
Raminta Stanulionyte

No, and thats because you have different codes in the registration.
My advice is that one of you upload the project.

The other upload a document saying that he/she is in group with the person who uploaded.
Then you will avoid plagiarism and be able to be graded in DE.

Kind regards
Lisbeth

Hello,

I can't seem to be able to add Mikkel Mogensen as my team member for the exam hand in (Projektorienteret forløb i en DMK990006P) Can we fix it?

Thanks,
Rami
